# **ONE STEP FURTHER**

**A little snippet to help you grow as a dancer!!**

## **Dance Term of the Month - Musicality**

Musicality - a dancer's ability to hear, understand, and respond to the music – not just dancing to the beat, but dancing with it.

### **Why is musicality important?**

It helps your dancing to look more intentional rather than rushed or going through the motions and it helps groups to look clean and unified

### **How can you improve your musicality?**

- 🎧 Listen before you dance- Spend time listening to the track without moving. Notice accents, pauses, and changes in energy.
- 👣 Mark choreography to counts AND lyrics
- 🧠 Play with dynamics - Ask yourself: where should this be sharp, heavy, smooth, or sustained?
- 🎥 Watch yourself back - can you notice a difference where could you improve even more!
